Frequently Asked Questions

Q. How many phones can be sent per satchel?

A. Each satchel can take up to four phones.

Q. Can I send one battery per phone in the same satchel?

A. Yes - Keep the battery inside the handset. If you're sending a satchel, wrap each phone. If you're sending a box, put everything together but no need to wrap.

Q. Can I send my charger with the phone and the battery?

A. Yes - All chargers are fully recycled

Q. Does the chip of the mobile get destroyed to prevent data/security leaks via old sms, phone numbers etc stored to internal chip memory?

A. Yes – Aussie Recycling Program (ARP) dispose of the SIM card if it is left in the handset. ARP reset each handset to factory default so all personal records are deleted.
